Admiral Stansfield Turner
Director
Central Intelligence Agency
Washington, D.C. 20505

Dear Admiral Turner:

Here are some names of influential community leaders in and around McLean. You will recall I promised to send these to you when we met recently.

A key person is Philip E. Zanfagna. He is President of the McLean Citizens Association, which has a board of directors made up of officers and leading persons in a large number of other community organizations in that area. Through him you could be in touch with any one of the others.

David Cordingley is Vice-President of the McLean Business and Professional Association. This comes as close as any to a representation from the business community.

As I said earlier, John P. Shacochis is a member of the Fairfax County Board of Supervisors representing Dranesville District, which includes McLean, Langley, Great Falls, and other neighborhoods. He would be the best channel into officials of the county. You might also want to make contact with Edward Gurski, who is head of the Fairfax County Planning Commission.

In addition, I can furnish you with a full list of community and other organizations in and around McLean. There must be 50 or more of them, but if you would like the full list, I have it and would be glad to send it to you.

Let me know if I can be of further assistance. I do think that it is extremely important that you consult with a few community leaders well in advance of any locational decision.

With best wishes,

Sincerely,

Joe Fisher

Joseph L. Fisher, M.C.
